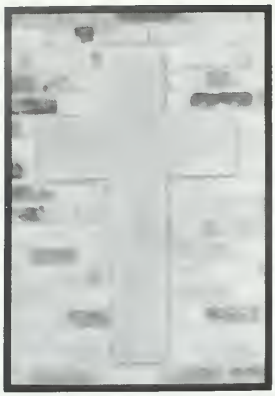
"IN HOC SIGNO VINCES"



Yet another year passes by at St. Michael's College School, another year full of athletic victories, grub days, penitential services, essays and exams, not to mention the not so pleasant sleepless nights. Especially enjoyable I suppose, was our annual ski day this year when several of us daredevil types, who don't exactly match up to the standards of Pirmin Zurbriggen, decided to tackle the moguls at maximum velocity for the first time in our lives, and almost broke our necks in the process. Other things which will probably remain engraved in my memory for many years to come are the handball games at lunch, seeing Mr. Fenn for my lates (even with first period spare), watching Dave Spence dance to Rap City tunes while working on this 1990-1991 Tower Yearbook, and even Rich De Sousa's illustrious side commentaries in Physics and Chem class.

Obviously, all of us have our memories of times good and not so good over past years, but this is especially true of the graduating class. This is because for the grads, the closing of this final year in high school causes one to want to reflect over the last five years as a whole, over yet another stage completed in our journey through life. We wish to remember all those funny times over the years, true, however even more importantly we like recalling the way we were when we first entered St. Mike's and mentally retracing the steps of our growth, through the last five years, up to the present. Indeed we have grown a great deal, mentally, physically, and spiritually. Naturally, one would attribute this growth to our exceptional education and the unique St. Mike's experience. However what would we, grads and non-grads alike, honestly answer when asked what exactly it is that we have picked up from this unique experience, and would treasure for the rest of our lives? How did we grow?

Personally, all the values which are stressed at St. Mike's - academic excellence, spiritual excellence, team spirit, co-operation, having good relations with others - all these values are for me summed up in one sign, the Sign of the Cross, which represents the true and Christian way of life, and is in short, what I have gained and have come to realize the meaning of more fully. In fact, that is the very thing that the Basilian Fathers have been successfully doing for so many years, for the countless young men that have come and gone, having lived the St. Mike's experience. By their sharing of their understanding of the meaning of the sign of the Cross and all of the Christian ideals which it represents, the Basilian Fathers have indeed been sowing the seeds of goodness in the world in helping so many more fully appreciate what it means to be Christian and children of God. Thus, the efforts of the Basilian Fathers over the years, which have been geared towards the growth of the innumerable St. Mike's men who were, are, and will be grads, can be summed up, in short, as this year's theme for the Tower of 1990-1991: making the Sign of the Cross permanent and prominent in one's life.

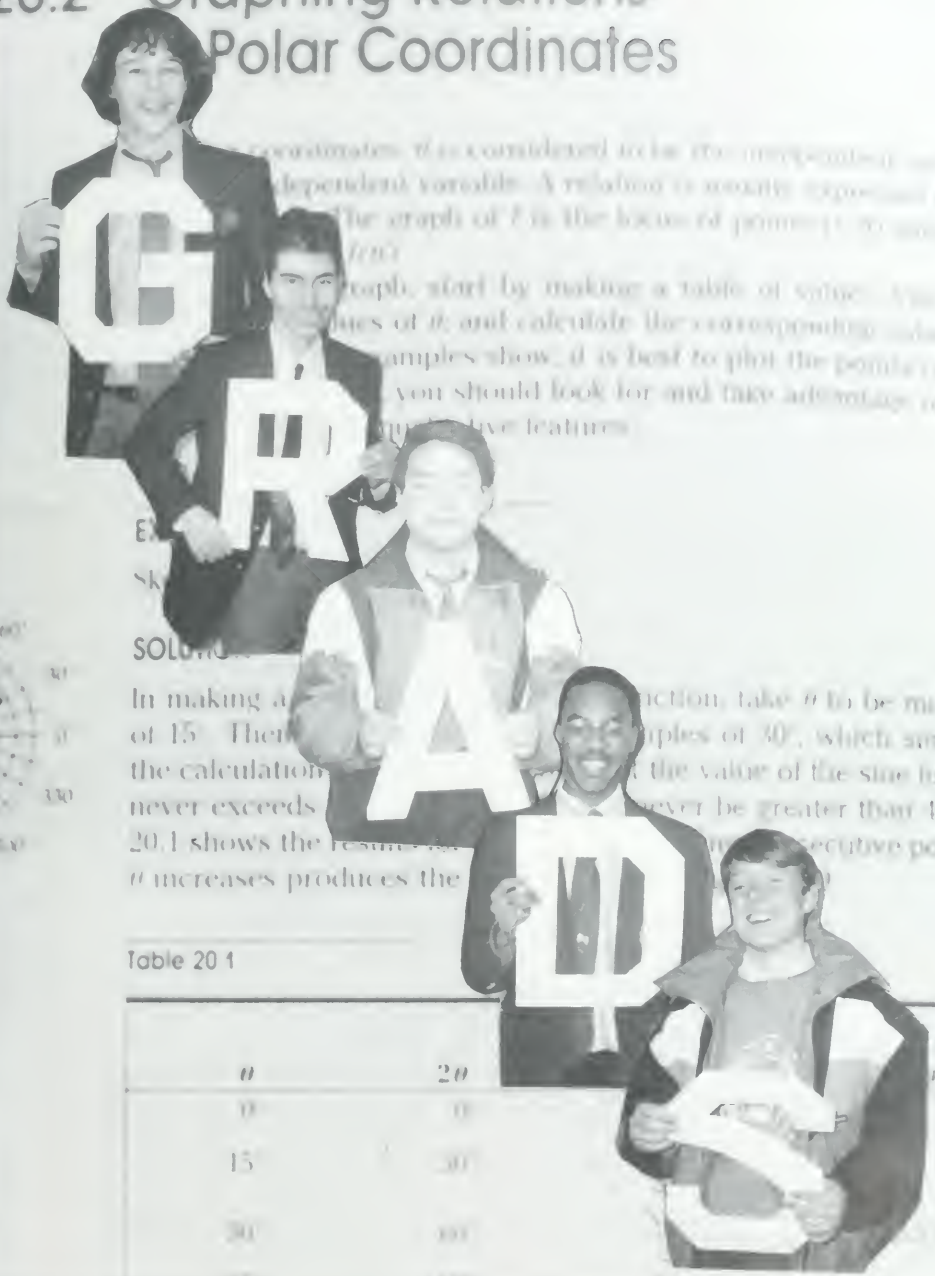
20.2 Graphing Relations in Polar Coordinates



coordinates, θ is considered to be the independent variable, r the dependent variable. A relation is usually expressed in the form $r = f(\theta)$. The graph of f is the locus of points (r, θ) satisfying the equation.

To graph, start by making a table of values. Choose values of θ and calculate the corresponding values of r. Examples show θ is best to plot the points corresponding to values you should look for and take advantage of any symmetrical features.

EXAMPLE

Sketch

SOLUTION

In making a table for the function, take θ to be multiples of 15. Then 2θ will be multiples of 30°, which simplifies the calculation. Note that the value of the sine function never exceeds 1, so r will never be greater than 4. Table 20.1 shows the results. Moving from successive points as θ increases produces the

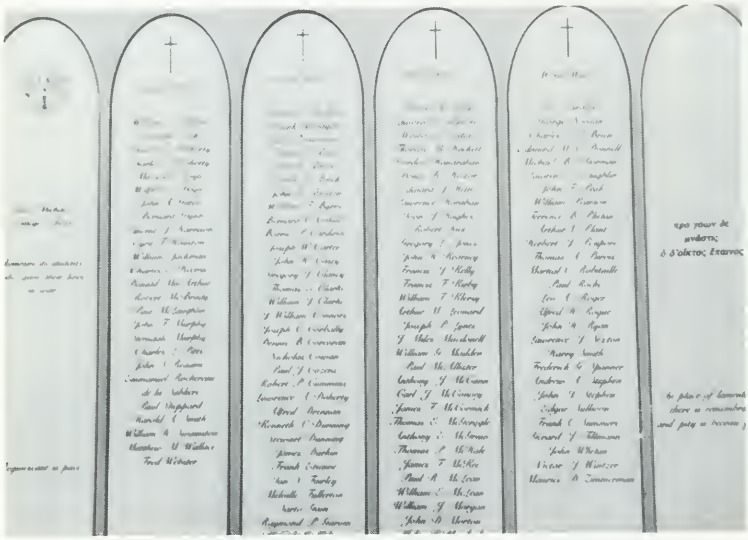
St. Michael's Dedicates A War Memorial

On Friday, November 9, 1990, the College School blessed and dedicates its war memorial to honour the memory of the 118 students who made the supreme sacrifice in World Wars I and II.

The ceremony of blessing, dedication and laying of wreaths took place in an assembly of staff and students held in the school gymnasium. Father Leo Campbell gave the main address. Among the guests were Mayor Brown of the City of York and representatives of the Wingate Branch of the Royal Canadian Legion.

The memorial itself consists essentially of a number of panels listing the names of the fallen and a quotation from a short poem of the Greek poet Simonides saluting the heroes of Thermopylae: "In place of lamentation there is remembrance, and pity is become praise."

While the material preparation of this memorial was done at the school in the course of the summer of 1990, this operation was but the culmination of research done by the late Father Michael Oliver, CSB, in 1917. With a view to honouring the students of St. Michael's College who died on active service in World War I, Fr. Oliver did the research and collected names, photographs and pertinent data. Analogous research and collection was done during World War II by the late Father Hugh Mallon, CSB.



Regrettably, no memorial at the college crowned these efforts. But the information came to light in the course of research done here in October, 1985 on the head of a request by Father John Murphy, CSB, chaplain of the College School, for an address to be made to the school on Remembrance Day of that year. This research was brought to the attention of the authorities at St. Michael's College; thus began the movement there which realized the war memorial at the college which lists 159 names.

Until 1950 the college included a high-school department; of the 159 names just mentioned, 118 are high-school names, and these are the names that were selected by the college school for its very own memorial.

In the course of the last few years it has become a laudable custom here to salute on Remembrance Day the memory of a particular group of alumni who merit special place in the heart and prayer of all of us here at St. Michael's College School. It is to be hoped that we will remember them, and prayerfully, when we pass our memorial to be fixed in the front hall of the school.

Rev. W.H. O'Brien, CSB

CHRIS LEAVER

1974-1990

During this past year, Chris Leaver, a member of Grade Eleven died. Chris had suffered for many years from Cancer but it was not generally known how seriously he suffered. His classmates knew him as a quiet gentle person not given to talking about himself. Those who worked with him in school noted that after he returned from being absent he was most eager to catch up in his work and had a genuine concern for doing well in school.

Before he died Chris had fulfilled his first ambition in life which was to attend St. Michael's College School and it was with great pride that he wore the school colours and insignia.

Chris possessed considerable talent in the arts and he used his skills to help others and volunteered his assistance on frequent occasions and was on the staff of the school yearbook, THE TOWER.

Chris Leaver will be remembered for his genuineness, his optimism, his cheerfulness, his enthusiasm for school and his great faith and love of God.

Absent: Russ Kerr, John Britcher, Chris Moxon, Mr. G. Masterson (Coach).

Senior Kerry Footballers started the season with one of the best teams in Metropolitan Toronto, the team's fortunes however took a sudden dramatic drop due to a series of injuries which affected key players. A loss to Michael Power Trojans deprived the team of a perfect record for the regular season.

The championship game must rank as one of the greatest in SMC's history. On a cold wet November afternoon at Esther Shiner Stadium in North York, the pride and tenacity of our team prevailed over Michael Power High School. One Toronto newspaper proclaimed it the greatest upset in TDCAA history. Hail to the champs!

THE STUDENT GOVERNMENT

1990 - 1991

Joe Tassone - President

Michael John-Baptiste, Tullio D'Angela, Joe Tassone, Jason Bennett.

Inset: Jason Grenier, Matthew O'Regan.

Student government is often regarded as a popularity contest. For those people fortunate enough to be elected the fact that it is a great deal of hard work comes crashing home very quickly. It also becomes evident very quickly that the job is thankless. How many of your fellow students come up and thank you for organizing a dance, a Bar-B-Q, a dress down day, or a Formal. Indeed, everyone has an idea on how things could have been better.

These young men have worked long and very hard to please you - the student body. They have given their best efforts to enhance your social life and make your short stay at St. Michael's richer for the experience.

Let me take this opportunity on behalf of the staff and the student body to thank these gentlemen for their courage to be leaders and their sacrifice to serve you.

Mr. W. Ffrench

Front Row: Chris Adams, Tony Mauti, Bernardino Spensieri, Dennis Chang.
Back Row: Eric Yu, Socrates Vozoris, Paul Yip, David Allen, Robert Roller, Peter Giacobbe, Martin Chang, Patrick Scotto di Luzio.

CHESS TEAM JUNIOR BLUE LIGHTS

Front Row (L to R): Dilip Andrade, David Banerjee, Nick Vozoris.
Back Row (L to R): Dennis Chang, Norman Freeman, Robert Carullo.
Inset: Bronu Bratti.

SENIOR BLUE LIGHTS

Front Row (L to R): Dan Sladic, Sam Lee, Maurice Michelin.
Back Row (L to R): Paul Yip, Arun Andrade, Jonathan Ponesse, Frank Cesario.

Once again, the St. Mike's Blue Lights have proven their talent by dominating this year's games. The Seniors fell short of capturing a first place title from a strong Leaside team, but managed to come in second place. Graduating members include Sam Lee, Arun Andrade, Dan Sladic, Paul Yip, and Jonothan Ponesse.

The Juniors, on the other hand, had a superb season. With a 10 win, 1 loss record, they defeated Malvern at the Metro Finals 630-310, capturing first place, and receiving the title Schoolreach Intermediate Metro Champions. Special thanks go to Mr. Barrier, the moderator, for his time and effort with both teams.

SENIOR DEBATING

Front Row: Maurice Michelin, Paolo Martins, Kevin Janus, Tom Mcconnon, Jason Goncalves.
Back Row: Patrick Scotto DiLuzio, Noel DeSouza, Robert Roller, Mr. Quinn, Sam Lee, Paul Yip, Frank Cesario, Jonathan Ponesse, Phillip Poles.

JUNIOR DEBATERS

Front Row: Dilip Andrade, John Markez, Tony Mauti, Dennis Chang.
Back Row: Stephane Durocher, Ed Manero, Mike Rusek, Michal Sokolski, Mr. M. Quinn, Moderator, David Burns, Frank Cesario and Jason Goncalves (Executives).

NOVICE DEBATERS

Back Row (L to R): Frank Cesario (Executive), Nick Vozoris, John Lamanna, Mr. Quinn (Moderator), Andrej Rakus, Serban Suvagau, Kevin Tait, Jason Goncalves (Executive).

PUBLIC SPEAKING

(L to R): Dilip Andrade, Jonathan Ponesse, Frank Cesario, Tony Mauti, Patrick Scotto Di Luzio.
Absent: Cedric De Leon, Michael Johnson, Father Murphy (Moderator).

St. Michael's College Public Speaking Teams performed well in various speaking tournaments in the Toronto Area. Michael Johnson won the first round and Frank Cesario won two rounds in The Royal Canadian Legion contest. Patrick Scotto-DiLuzio, Cedric DeLeon and Jonathan Ponesse all placed first in their various categories in The Trinity College School Invitational. In The Basilian Fathers Invitational the team came in first place with Dilip Andrade contributing substantially.

Front Row: Matt Thorton, Pat Thorton, Brendon Clough, Tony Mauti.
Back Row: Al Vernon, Sr. Susan O.L.M., Jonathan Ponesse, Xavier Aburto, Paul Dobson, Peter Intihar, Matthew Granic, John McCash, Nick Vozeris.
Absent: Mrs. June Scandiffio.

PRO-LIFE CLUB

The Pro-Life Club has as its goal to promote respect for all human life from conception to natural death. Through discussions, videos an studying pro-life literature, we hope to train strong pro-life leaders for the future.

Service to distressed pregnant women is central to our apostolate.

OUT OF THE COLD is the name chosen by the St. Michael's students to designate their apostolate among the poor and homeless i Toronto. The first OUT OF THE COLD hospice was opened in a little store at 607 St. Clair Ave. West in 1987. The following year OU OF THE COLD relocated to Holy Rosary Parish Hall. Over the past five years the students, with the help of their friends and under th direction of Father Murphy and S Susan, have ministered to hundreds c the less fortunate. OUT OF THE COL is open each Saturday from noon t three in the afternoon and provides a h meal, clothing and groceries to th needy.

OUT OF THE COLD AND MISSION CLUB

In Front: Al Vernon.
First Row: Mike Meehan, Christian Dempsey, Chris Zownir, Paul McCarthy, Peter Intihar.
Second Row: Giorgio Barbato, Ed Moran, John Ponesse, Sr. Susan O.L.M., Ryan Comerford, Robin Wolf, David Fitzpatrick.

Back Row: Arun Andrade, Rinal Maris, Jason Bennett, Pat Yeung, Sam Lee, Sergio DiZio, Basilio Marcello, Mike Lysenko, Rex Liu, Paul Wigglesworth, Fr. Murphy.

MEALS ON WHEELS

We continued providing drivers and runners for St. Clair West Meals on Wheels each Wednesday that we had classes. "Double lunch" students provided most of the volunteer service, with a few "special occasion" volunteers. The Day 3 "Double lunch" people seemed to be more available than the regulars - this was the first year that was the case. Partly because of our example, Brother Edmund Rice has begun providing runners three days a week for the agency.

MEALS ON FOOT

Front Row: Joe Varone, Aaron Aquilizan, Joe Alberga, Anthony Pasquini, Paul Rebello, Joy Szeto, Peter Giacobbe.
Back Row: Philip Apong, Arun Andrade, Dave Fitzpatrick, Alex Vernon, Ed Segura, Noel D'Souza, Christian Bosio, Chris Fortier.

METRO SCIENCE FAIR PARTICIPANTS

Front Row: Michael Lee-Poy, John LaManna, Jason Goncalves.
Back Row: Mr. K. Dudzinski, David Burns, Nick Vozoris, Bruno Bratti, David Allen, Robert Roller, John Di Vizio, Dennis Chang, Kevin Chui.
Inset (L to R): Martin Chang, Stephen Nagy, Robert Carullo.
Absent: Anselm DeSouza.

Science Fairs provide the opportunity for students to display their scientific knowledge along with creativity as embodied in their submitted projects.

Bruno Bratti won a first prize and Stephen Nagy a third in Applied Science and Engineering. Michael Lee-Poy won a second prize and John LaManna an Honourable Mention in Mathematics and Physics. Jason Goncalves won a third prize in Senior Life Science and in Intermediate Life Science Nicholas Vozoris won an Honourable Mention. Senior Mathematics and Physics granted Martin Chang a second place.

Martin Chang in addition was selected as one of the eight Grand Prize Winners to represent the Toronto Region at the Canada-wide Science Fair in Vancouver on May 12-19.

BLUE TRIPPERS

Steven Keith, Mike Causi, Sean Molloy, Geof Gallagher-Mackay, Paulo Martins, Andrew Pavacic, Matt O'Regan, Paul Yip, Pat Sherlock Robin Wolf, Peter Lopata, Ivo Gonsalves, Jason Grenier, Jan Jekielek, Brian Milakovic, Mat Byrnes, Peter Intihar, Andrej Intihar, Jason Wong Mr. Kratz.

Back Row: Mr. Narducci, Arun Andrade, Grant Ho, Robert Roller, David Allan, Andrew Pavacic, Noel De Souza, Socrates Vozoris, Dilip Andrade, Pat Yeung, Paolo De Luca, Sam Lee, Rex Liu, Piotr Tokarski, John Guerquin, Mr. Shust.

THE BLUE RADICALS

The newly-formed Math Club participated in two math leagues. The first was the Canadian National Math league and secondly the Atlantic-Pacific Math league which embraces all of North America and even some international schools throughout the world. In addition the club wrote the American High School Examinations and the Canadian Mathematics Competition for all levels.

The core of the club consisted of over thirty members although in one contest we had over 180 participants. Martin Chang was distinguished as one of the only twelve students across North America with a perfect score after five contests in the Atlantic-Pacific League.

In the Canadian Mathematics competition Timothy Mak, of grade nine, won the medal for our school by placing 300 out of 354,000. Peter Harasti of grade ten took the Cayley medal and Dennis Chang won the grade eleven medal by placing 157 out of 23,726. St. Michael's placed in the top 15% for grade nine; top 25% for grade ten and top 5% for grade eleven.

Dennis Chang, Samuel Lee and John Guerquin were invited to write the prestigious AIME contest which is open only to students who score 100 or better on the American High School Mathematics examination. For our first year we made a very good impression among our peers.
